Our goal and mission is to assist clients in reaching their financial goals and objectives through a unique and extensive planning process which places a primary emphasis on creating and identifying funding sources through cost savings methods and approaches.

Our principals have acquired the professional designations of certified public accountant (CPA) and chartered retirement planner (CRPC) and together have nearly three decades of industry experience.

We have access to the best financial products and services in the industry.

We will help you identify additional funding sources through a unique strategic planning process.

Our consultations are both confidential and complimentary. We will show you a BETTER WAY!

We first met with Integrity Financial in 1995 and since then we have done all of our financial investing and retirement planning with them. They have been faithful to monitor our investments and to keep us informed of changes in the tax laws. Our investment assets have skyrocketed under their management and today we find ourselves well prepared to handle the financial challenges that await every American family.

Allen Byrd, Captain, Delta Airlines, Snellville, GA

When we met with Integrity Financial, we did not know where the funds would come from to do the financial investing and retirement planning necessary to protect our family. To our delight and surprise, they were able to free up almost \$10,000 annually which provided the source to fund our financial program and give us the peace that comes with having a plan.

Mike Rinehart, Owner, Spatial Creations, Woodstock, GA

We were referred to Integrity Financial Management in 1991. As a result of their restructuring efforts, we have been the happy recipients of substantially lower taxes and greatly enhanced investment returns. Through their wise council, we also avoided what would have been a devastating financial scheme. I wholeheartedly endorse them to anyone, and in particular those who are self employed.

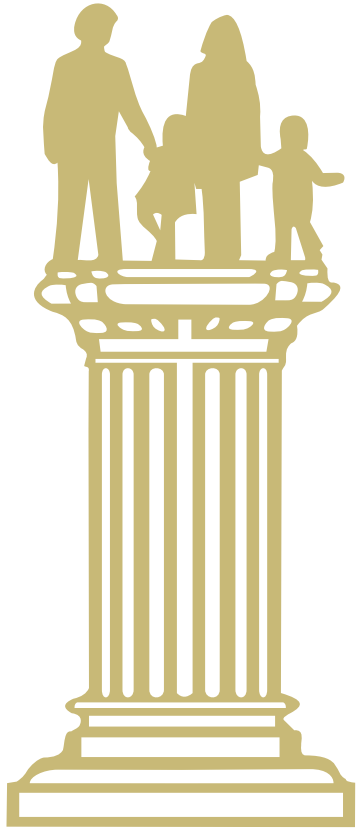

Dr. Stephen Leafe, DDS, Alpharetta, GA

About five years ago when I was just getting started in a business, Integrity Financial Management met with us and shared some financial principals that absolutely changed our lives. We feel extremely blessed to have received this advise at such an early stage in our financial lives. We have referred Integrity Financial Management to many of our friends and relatives and gladly endorse their services without reservation.
